BEAMFORM - C

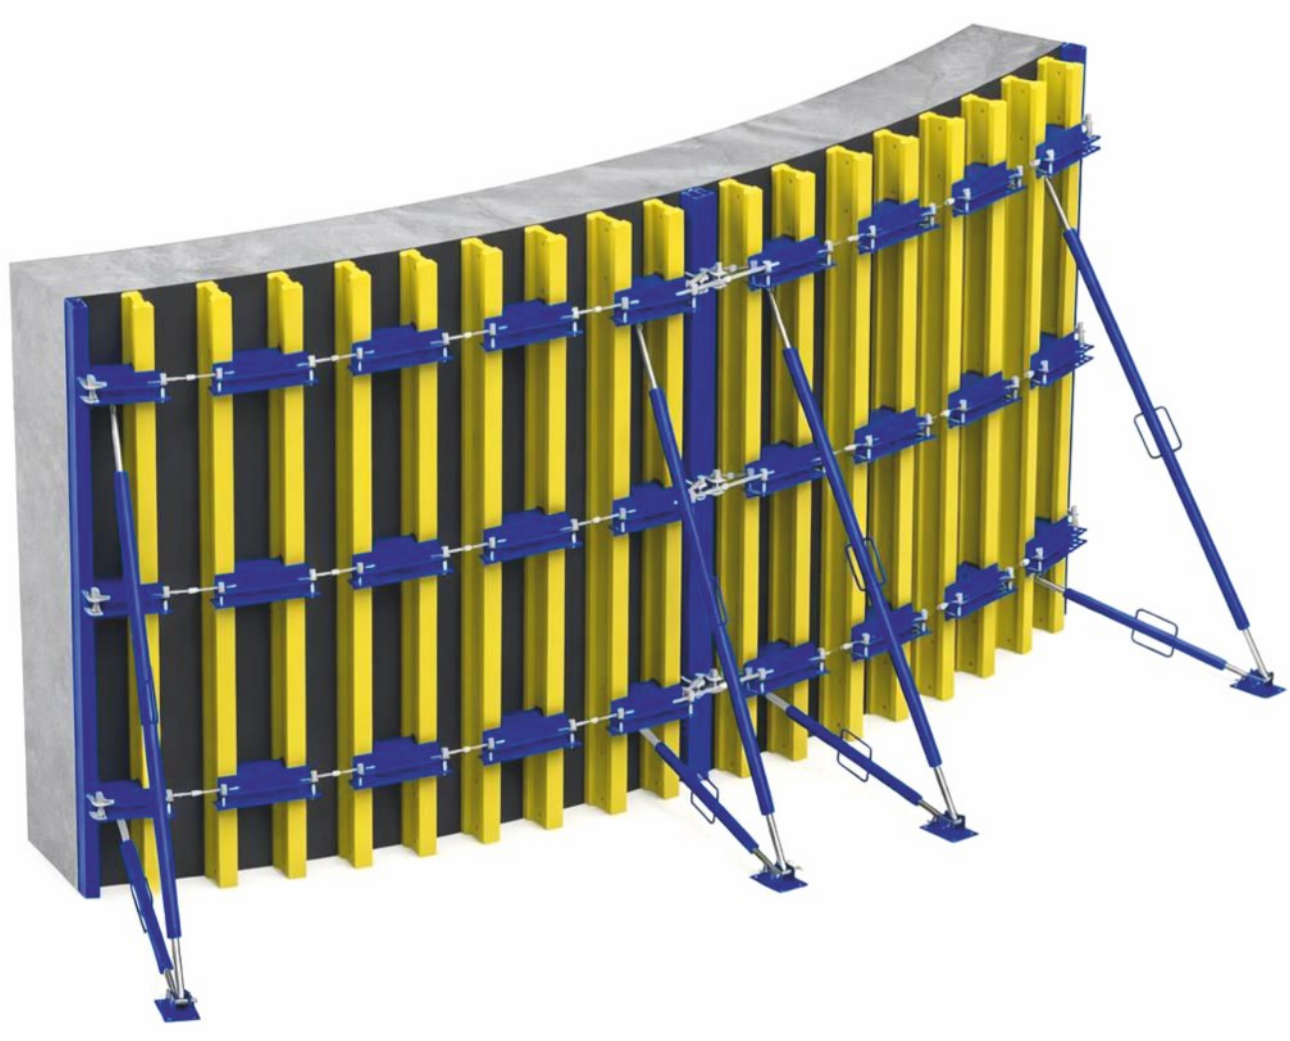

H20 AHŞAP KİRİŞLİ DAİRESEL KALIP SİSTEMİ

H20 WOODEN CIRCULAR FORMWORK SYSTEM

BEAMFORM-C / AHŞAP KİRİŞLİ DAİRESEL KALIP SİSTEMİ

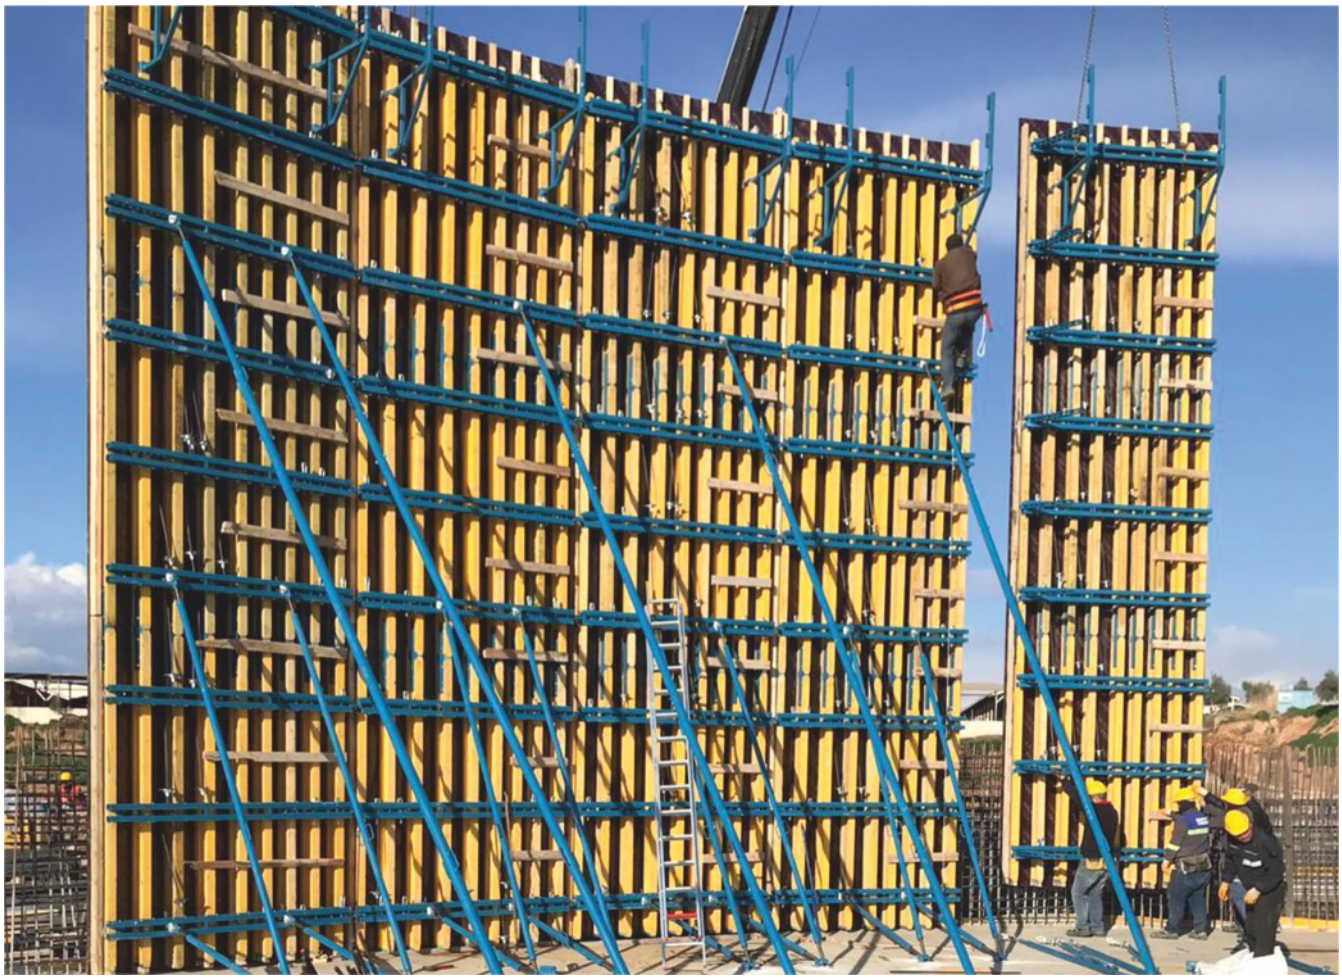

BEAMFORM-C düşey H20 ahşap kirişler, yatay özel tasarım çelik kuşaklar ve yüzeyde plywood kaplamadan oluşan, vinçle taşınmaya uygun modüler bir çözümdür. Yüksek mukavemetli taşıyıcı yapısı sayesinde güvenli kullanım sunarken, ayar elemanları ile farklı çap ve yüksekliklere hızlı biçimde uyarlanabilir. Oluşturulan panolar demonte edilmeden yeni ölçülere adapte edilebilir ve farklı projelerde tekrar kullanılabilir. Sistem, gerekli durumlarda kiriş ve kuşak yerleşimleri değiştirilerek istenen eğrisel form elde edilebilir.

BEAMFORM-C is a modular solution suitable for crane handling, consisting of vertical H20 wooden beams, specially designed horizontal steel walers, and plywood sheathing on the surface. Thanks to its high strength structural frame, it ensures safe use, while adjustment components allow it to be quickly adapted to different diameters and heights. The assembled panels can be adjusted to new dimensions without dismantling and can be reused in different projects. When required, the desired curved form can be achieved by modifying the beam and waler layout.
